

Hot Hot Hot Hot!

Today's day time temperatures are already at dangerous levels and are expected to exceed to the 109 degrees forecasted for this afternoon. Current temp at the airport and sycamore canyon is 104 degrees.

Parks, Recreation and Community Services Department is in the process of opening the following community centers, well in advance of their normal 3pm opening hours:

- Arlanza
- Villegas
- Cesar Chavez
- Orange Terrace
- La Sierra Park

All others are scheduled to open at 3pm. Reminder that our Senior Centers and Libraries are open now.

On a side note Channel 7 KABC covered our cool centers on their 6pm newscast last evening. Well done by the Parks, Recreation and Community Services Department.
