Rosemary Kennedy Elementary School's parent involvement policy is based on the California State Board of Education's policy, which was established to enhance parent involvement in schools. Six priorities are addressed: communication, parent, student learning, volunteering, school decision-making, and collaboration with the community. Teacher conferences are regularly scheduled, translators are provided as needed, bi-monthly newsletters and progress reports are sent home, and a Parent/Student/Teacher Compact is signed. PTO, SSC, and ELAC parent meetings are held on a regular basis. Regularly scheduled parent trainings are offered as well as babysitting based on the needs of parents. We encourage parents to volunteer in classrooms, on study trips, and with other school functions.
